Regulations

1. The total credits required for graduation are 30 credits (comprising 3 required credits, 21 elective credits, and 6 thesis credits).
2. Credits per semester: First-year students may register for 6–16 credits in their first semester; all other semesters allow 3–16 credits.
3. Students must either complete the academic ethics course offered by the Taiwan Academic Ethics Education Resources Center and obtain a certificate of completion, or attend at least 6 hours of academic ethics-related workshops and obtain a certificate of participation. When applying for the master's thesis oral examination, students must submit one of the aforementioned certificates; only upon review and approval may the application for the oral examination proceed.
4. Graduate students may take courses required for their research from master's programs in other departments within the university. Upon departmental review and approval, a maximum of 9 credits from passed courses may be recognized toward the elective graduation requirements of this master's program. Students may also take courses not offered by this program at graduate institutes of other universities, limited to one subject and a maximum of 3 credits. Any credits earned externally shall be combined with the credit limit for elective courses taken in other departments.
5. For students admitted to the master's program under Article 7 of the 'Standards for Recognition of Equivalent Educational Levels for Admission to Universities,' the Department will assign professional faculty to provide curriculum consultation and guidance. However, such guidance/courses shall not be counted toward graduation credits.
